- 12.3. The calling notice including the date, time, and as the case may be the place, the agenda or draft agenda of the meeting will be sent to the participants to the meeting at least sixty (60) calendar days before the meeting.
- The agenda or draft agenda of meeting shall clearly state the different agenda items to be discussed and its order. The supporting documents of the different agenda items of the meeting shall be sent by e-mail, or upon specific request by post mail or by any other acceptable written means of communications in advance of the meeting.
- In case of a Semi-Virtual Meeting or Virtual Meeting of the Commissions, temporary Commissions or Working Groups and depending on the meeting platform or the electronic means of communication used, the calling notice will include the unique URL for the meeting along with the required password to log-in or similar information.

## **Article 13 – Discussion**

- 13.1. The chairperson or moderator of the respective meeting of the Commission, temporary Commission or Working Group shall keep order including speaking order, facilitate effective discussion and move the meeting through its determined agenda. The chairperson of the Semi-Virtual or Virtual Meeting shall take time at the beginning of the Virtual Meeting to explain and demonstrate the various procedures and technical tools that may be used during the meeting. All discussions and debate must be related to the item under consideration. As the discussion can lead to subsidiary proposals, the chairperson shall keep track of what is currently under debate and any subsidiary proposals or motions that need to be reopened.

## **Article 14 – Vote**

- 14.1. Unless stated otherwise in the Statutes, the members of the Commissions, temporary Commissions or the Working Groups have one (1) vote.
- 14.2. Once the discussion on one agenda item is closed, and where necessary, the chairperson of the meeting shall restate the proposal currently up for decision, reminding the participants what they are about to vote and shall call to vote on the agenda item.

- 14.3. Voting can be done on site or remotely, in real time, (i) by open ballot by show of hand, (ii) by electronic means or (iii) by secret ballot, using, as appropriate, a paper ballot and/or electronic means. Voting by secret ballot takes place for the election of candidates and on Sensitive Matters. Voting by electronic means on site or remotely, in real time, can be done for the election of candidates or in any other case requiring a secret vote, provided that the electronic voting system/platform chosen guarantees the secrecy of the vote. As an exception to the foregoing, a vote by show of hands and/or via e-mail (as the case may be, after the meeting), is allowed in a Semi-Virtual or Virtual Meeting, if agreed by the Absolute Majority of the participants at the meeting.
- The President of the Commission/Working Group can be elected via electronic means (including, but not limited to, via e-mail), in real time or not, whenever the Commission deems it necessary.

## **Chapter 6 – Breed standards, studbooks and kennel names**

### **Article 15 – Recognition of new breeds**

- 15.1. New breeds can be recognised by the FCI. The recognition comprises two phases: provisional and definitive recognition.
- 15.2. The procedure for the international recognition of a breed (provisional and definitive) is set out in the attached [Enclosure 5](#) and must be approved by the General Assembly.
- 15.3. Once approved on a definitive basis by the General Assembly, a breed is immediately eligible for the FCI-CACIB.

### **Article 16 – Breed standards**

- 16.1. The Members and Contract Partners must provide the General Committee with a list of their national breeds and their respective Breed Standards in at least one (1) of the FCI official working languages.
- The Breed Standards must be written according to the model adopted by the FCI, i.e. the so-called “FCI Vienna Model Standard” as set out in the attached [Enclosure 6](#). The Head Office will take care of the translations into the FCI official working languages.
- 16.2. A new or modified Breed Standard will become effective from the date of its publication on the FCI website in English.
- The date of publication of the official valid standard (on the second page of the Breed Standard) corresponds to the date of the General Committee meeting at which the (new or amended) Breed Standard was approved. A new or modified Breed Standard can be published as soon as the final version is available in English.
- Translations to the other FCI official working languages will be made available within one hundred and eighty (180) calendar days.
- The Head Office shall be responsible for such publication. The date of publication appears on the first page of the Breed Standard.
- 16.3. The Standards Commission must be consulted before a new or amended Breed Standard is approved and if there is any doubt, particularly in case of an application for recognition of a new breed, the advice of the Scientific Commission may be sought.
- 16.4. It is incumbent on the General Committee to approve applications for the provisional recognition of new breeds.
- 16.5. In addition, the amendments to the existing Breed Standards (breeds recognised provisionally and definitively) are also approved by the General Committee upon request of the Members which are responsible for the Breed Standards in question and after having been examined by the Standards Commission and, if necessary and specially in case of new breeds, by the Scientific Commission. New Breed Standards shall be based on the standard from the country of origin or country of patronage. The breeds to be recognised on a definitive basis and their respective standards are approved by the General Assembly.

It is incumbent to the Members and Contract Partners to ensure that their judges are acquainted with the new Breed Standards or the amendments to the Breed Standards as quickly as possible.

## Article 17 – Studbooks

- 17.1 Every Member and Contract Partner as well as every breed club possibly commissioned by them, must keep a studbook for all the breeds recognised on a definitive basis by the FCI. In order to be fully recognised by the FCI and its Members and Contract Partners, dogs must be bred according to the FCI regulations and entered in that studbook. Only such dogs are eligible to be issued FCI recognised pedigrees (i.e. pedigrees bearing the FCI logo).

For those dogs, which are not yet fully recognised by the FCI, the Members and Contract Partners also have to keep an Appendix to the Studbook for the registration of

- a) dogs belonging to the breeds recognised on a provisional basis;
- b) dogs belonging to the breeds recognised nationally only;
- c) dogs with an incomplete pedigree (a pedigree without all three (3) generations fully identified and registered with FCI-recognised studbooks and/or Appendices);
- d) dogs without any pedigree;
- e) dogs not bred according to the FCI regulations.

For a dog to be eligible for entry in a studbook (and be issued a pedigree recognised by the FCI and the Members/Contract Partners) or Appendix, (and be issued a registration certificate recognised by the FCI and Members and Contract Partners), it must be registered by the Member/Contract Partner of the country where its owner has his Legal residence.

A litter must be registered with the Member or Contract Partner of the country where its breeder has his Legal Residence and the litter was born. ***All the puppies of a litter must be identified individually. The microchips will preferably bear the code (if it exists and is available) of the country where the litter was born and where the pedigrees were issued.*** Exceptions can be made by mutual agreement between the Members or Contract Partners involved.

The pedigrees and registration certificates issued to the dogs of breeds not recognised by the FCI cannot bear the FCI logo or must carry the remark “breed not recognised by the FCI”.

- 17.2 Members and Contract Partners must exclusively and reciprocally recognize each other's studbooks, including the Appendices as long as the breed(s) concerned are FCI recognised. An updated list of the initials of the various studbooks and Appendices will be published by the FCI Head Office.

- 17.3 On the original pedigrees, the studbook registration number should follow the initials of the studbook in which the dog is registered (e.g.: SHSB/LOS: n° 255 333); in addition, the registration numbers and the initials should be provided for at least three (3) generations. The type of coat, the colour and the size variety should be added, according to the terminology of the breed standards, on the pedigrees, including the export pedigrees.

The official titles of the FCI, i.e. international, world and section titles must appear on the pedigrees and the national titles awarded by Members and Contract Partners can be recorded.

- 17.4 Notwithstanding article 17.2. of the present Internal Rules, and with reference to article 17.1. of the present Internal Rules, a dog belonging to breeds already recognised by the FCI holding no pedigree, or a pedigree issued by an organisation which is not an FCI Member/Contract Partner/Cooperating Partner can be registered in the Appendix to the Studbook by the FCI Members and Contract Partners, as well as by the breed clubs possibly commissioned by them. In this case, prior to the registration, the dog has to be assessed by an FCI Judge approved for the breed in question. The assessment is also required for dogs under article 17.1. c), d) and e) of the present Internal Rules.

- The offspring of dogs entered in the Appendix can only be recognised by the FCI and its Members/Contract Partners once three (3) consecutive generations (parents/grandparents/great grandparents) are fully identified and registered with FCI-recognised studbooks and/or Appendices. It is only then entitled to be issued FCI recognised pedigrees.
- Unless mandatory national laws require a different treatment, dogs (and/or their ancestors included in their pedigrees), which are not bred according to the FCI regulations and therefore are not yet fully recognised by the FCI, can also be entered in the studbook. However, these dogs have to be clearly identifiable, so that they cannot be confused with FCI recognised dogs (e.g., by clearly indicating in the pedigree and in the studbook, which dogs (and their ancestors included in their pedigrees) are recognised/are not recognised by the FCI and its Members/Contract Partners). These dogs cannot obtain pedigrees bearing the official FCI logo.
- 17.5 Any Member or Contract Partner can refuse to (re-)register in its studbook/Appendix, or alternatively can (re-)register with a “limited registration: not to be used for breeding”, a dog suffering from hereditary defects or featuring defects which go against the Article 3 of the Statutes or a dog which does not comply with the rules of selection defined by the Member or Contract Partner in question.
- In addition, the Members and Contract Partners are not obliged to automatically register or re-register an imported dog in their studbook/Appendix if they consider the (export) pedigree/registration certificate to have been prepared incorrectly.
- In that case, the Members and Contract Partners should clearly explain to the Member/Contract Partner which issued the certified export pedigree/export registration certificate the reason for their denying.
- 17.6 The breed clubs affiliated to Members and Contract Partners and keeping their own studbooks/Appendix to the studbooks on behalf of their national canine organisation must clearly indicate on the pedigrees/registration certificates that they are members of a national canine organisation.
- 17.7 Pedigrees have official validity for the Members and Contract Partners and must bear the official FCI logo according to the above points 17.1. and 17.4.
- 17.8 On issuing a pedigree, obvious, definitive and identifiable deviations from coat colours specified by the Breed Standard are to be clearly stated with the indication “non-compliant with FCI Breed Standard – Not fit for breeding”. Each dog of a litter has to be provided with only one (1) FCI recognised pedigree and only one (1) FCI recognised export pedigree, which should include the name of the owner of the dog; if the owner's name is not written on the pedigree, a separate owner's certificate must be issued by the National Canine Organization. In addition, there must be one responsible person for the ownership of a dog. This person has to be the first in the list of owners.
- 17.9 When a dog is sold abroad, the National Canine Organization must issue a certified export pedigree written in one (1) of the four (4) FCI official working languages. It is however, forbidden, to issue an export pedigree to a dog which is not identified by tattoo or microchip.
- A dog registered in the appendix of a studbook has to be issued an export registration certificate for the purpose of being re-registered in another appendix to a studbook.
- For each dog registered with a Member or Contract Partner and then exported, the National Canine Organization that last registered the dog shall certify the transfer of ownership to the new owner by stating his name and address on the export pedigree or by issuing a separate owners' certificate.
- 17.10 The National Canine Organizations and their breed clubs may not make any alteration or change any information about the dog already registered in a recognised studbook. However, if a dog bears more than one (1) kennel name, only the breeder's FCI kennel name must remain, unless a written agreement between the involved parties is presented upon registration of the litter.
- The original registration number and the initials of the studbook must appear on all documents containing cynological information (working tests programmes, show catalogues, pedigrees, registration forms) beside the new studbook registration number.

- 17.11 When a dog is sold abroad, the new studbook registration number and initials of the new studbook must be recorded on the original export pedigree. This information is to be certified by the stamp and signature of the National Canine Organization which keeps the studbook. It is forbidden to issue a new pedigree to an imported dog.
- 17.12 The Members and the Contract Partners must provide specimens of the pedigrees valid in their own country to the Head Office. All the Members and Contract Partners must be informed immediately by the Head Office of any alteration to a pedigree.
- 17.13 The pedigrees issued by a Member or a Contract Partner must be accepted by all the Members and Contract Partners as “documents proving that the pups are born of pedigree parents from the same breed”.
- Furthermore, in case of a crossbreeding programme approved by a Member within the FCI regulations (the approval of the Members of the countries of origin of the breeds concerned is mandatory), the pedigrees issued by a Member or a Contract Partner must also be accepted by all Members and Contract Partners.
- The Members and Contract Partners are, however, allowed to make use of article 17.5 of the Internal Rules. These pedigrees cannot be rescinded by a Member or a Contract Partner under any circumstances.
- 17.14 The Members and Contract Partners are not obliged to register in their studbooks and to issue pedigrees to pups produced as a result of mating of parents which do not meet the FCI Breed Standards.

## **Article 18 – Kennel names**

- 18.1. All Members and Contract Partners must apply to the Head Office for the registration of new kennel names in the international FCI Kennel Name Register. A National Canine Organization is allowed to apply for such registration exclusively for the breeders who have their legal residence in the country in question.
- The Association recognises kennel name co-ownership. However, in this case, it must be confirmed -per litter- which person in the joint venture is officially responsible for adherence to national and international regulations in all matters concerning breeding and studbook registration.
- 18.2. The Members and Contract Partners recognise the kennel names registered by the other Members and Contract Partners.
- 18.3. The Association is responsible for strict control of the international register so as to avoid any double use or any name likely to create confusion.
- The criteria to determine whether a kennel name can be registered or not depend entirely on the Head Office and must be respected by the Members and Contract Partners. Kennel names similar to registered brands are not accepted.
- 18.4. The following provisions shall govern the granting and use of kennel names:
- a) Dogs cannot bear in their registered name, as prefix or suffix, a kennel name other than the one of their breeders. Deemed to be the breeder is the owner of the bitch at the time of the birth of the puppies.
  - b) A dog's name and kennel name cannot be altered once they have been officially recorded.
  - c) A National Canine Organisation can add the FCI registered kennel name on the pedigrees if the breed in question is recognised by the National Canine Organization issuing the pedigree and/or by the FCI.
  - d) A breeder can register only one (1) kennel name per breed except in case a second kennel name is registered together with a co-breeder. A breeder can register more kennel names for other breeds.

- e) - A kennel name is granted to one individual and is valid for life unless the holder of the kennel name gives it up in writing. As a general rule, it ceases to be valid on the death of the individual to whom it has been granted.

The National Canine Organization can authorize the assignment of a kennel name to a breeder's successor once that party's rights of succession have been duly established. The holder of a kennel name can include his or her spouse, descendants or relatives as associates in the management of the kennel providing that they are at least eighteen (18) years old.

The original holder of the kennel name remains the representative of the breeding activity of the kennel in question.

- Breeding associations of two (2) or more persons must apply for their own joint kennel name; the above rules apply. The FCI must be notified of any changes in the composition of the association.

All other matters shall be governed by the provisions of the relevant National Canine Organization. Each breeder is required, prior to migrating to another country where the FCI has a Member or Contract Partner, to notify both, the Member or Contract Partner of his current and new country of Legal residence about his migration in order to ensure a correct transfer. In addition, both Members and Contract Partners have to inform officially, the Head Office about their accepting the change of Legal residence.

- The conditions under which a kennel name is to be used are based on the rules and regulations of the National Canine Organization.

The use of a kennel name after separation or divorce requires the former owners of the kennel name to provide legal declarations making it clear who is to continue to use it. In this case the kennel name can be transferred to new holder(s) if he/they complies(y) with the requirements of the National Canine Organization for kennel name holders.

- If a complaint is made to a National Canine Organization, the kennel name in question cannot be used until the National Canine Organization has communicated the confirmation to the holder of the kennel name.

- f) The kennel names recognised by the FCI have precedence over the kennel names recognised only at national level.

Further to a complaint from the owner of a kennel name registered with the FCI, a kennel name recognised at national level will only be rescinded at the FCI's request if it harms the kennel name recognised by the FCI due to the similarity of the names. The Members and Contract Partners are not allowed to register kennel names at national level exclusively.

## Chapter 7 – Events

### Article 19 – International Events

- 19.1. The International all-breed shows and international trials where FCI awards (CACIB, CACIT, CACIAG, CACIL, CACIOB, CACITR, CACID) are granted come under the aegis of the FCI. All documents and catalogues related to the above events must carry the FCI logo. The FCI logo must also be visible at all these events.

Any admissible complaint concerning these events is to be first considered by the organisers before possibly being examined by the General Committee.

Complaints relating to FCI Judges are to be examined by the National Canine Organizations which authorised the FCI Judges in question to officiate at these events.

Complaints against the judging are not acceptable.

## **Article 20 – National Events**

- 20.1. No CAC (Certificat d'Aptitude au Championnat) proposal can be given by a Member or Contract Partner on the occasion of shows held in the territory of another Member or Contract Partner, not even on the basis of an agreement or contract between these Members or Contract Partners.
- 20.2. The title of national champion of a Member or Contract Partner has to be obtained with at least two (2 CAC) gained at shows held in the territory of this specific country unless the dog already is a national champion of another Member or Contract Partner.
- 20.3. Any admissible complaint concerning the national events is to be considered by the organisers. Complaints relating to FCI Judges are to be examined by the National Canine Organisations which authorised the FCI Judges in question to officiate at these events. Complaints against the judging are not acceptable.

## **Article 21 – FCI Judges**

- 21.1. Members and Contract Partners are responsible for training and examining (in accordance with the FCI and/or domestic regulations) the FCI Judges who will be authorised to award CACIB, CACIT, CACIAG, CACIOB, CACITR, CACIL and CACID. Only such judges can be recognised by the FCI, its Members and Contract Partners.
- 21.2. A FCI Judge can appear on the judges' list of a Member or Contract Partner only if he has his Legal residence in the country in which this Member or this Contract Partner has its head office. Furthermore, a FCI Judge must appear exclusively on one (1) FCI Member or Contract Partner's Judges list only. A judge cannot perform his other dog-related activity(ies) (breeding and dog registration) in a country other than the one which issued his judging licence. A transitional period in case a judge moves from one country to another can be agreed between the respective Members or Contract Partners.  
In case of doubt, the General Committee is allowed to investigate with the Member(s) or Contract Partner(s) concerned or refer it to the Disciplinary and Arbitration Commission.
- 21.3. Members and Contract Partners must publish their updated show and working judges' list (name, address, email, phone number, qualifications, and languages spoken) on their Internet website and on the FCI Judges Directory.
- 21.4. Further provisions regarding the application, education, examination and the nomination of FCI Show Judges may be laid down in the FCI Regulations for Show Judges.
- 21.5. Final approval of FCI international all-breed judges must be granted by the Head Office before the FCI judge can be included, as an FCI international all-breed judge, in the FCI Judges Directory.

|                                                                 |

- 22.3. If a member of the Disciplinary and Arbitration Commission is affiliated or has official relationships to any Disputing Party involved in a Disciplinary Matter, the General Committee shall appoint a substitute member who will only serve in the Disciplinary and Arbitration Commission until a final decision has been taken in said Disciplinary Matter.

The initial member of the Disciplinary and Arbitration Commission will remain in function and will exercise its office in any other Disciplinary Matters in accordance with article 46.1., paragraph 2 of the Statutes.

As per article 47.10, paragraph 2 of the Statutes the Disciplinary and Arbitration Commission shall fix the costs and decide which Disputing Party shall bear the costs of the FCI Dispute Resolution Procedure.

Unless otherwise decided by the Disciplinary and Arbitration Commission the costs shall be borne by the unsuccessful Disputing Party. Consequently, the following shall apply:

- a) the amount of the bail will be returned to the plaintiff if the complaint has led to a condemnation of the defending Disputing Party.
- b) In case of unsuccessful claim by the plaintiff, the amount of the bail will be kept by the Association or refunded to the successful Disputing Party.

- 23.4. The Executive Committee shall try to settle in a fair way any Disciplinary Matter that may arise between Disputing Parties.

- If the General Committee is of the opinion that the complaint is not valid or that the Disciplinary Matter does not raise an issue of misconduct or is trivial, frivolous or vexatious in nature, the General Committee shall advise the Disputing Parties and thereafter shall take no further action in relation to the complaint.
- If the complaint has not been dismissed pursuant to the previous paragraph of the present Internal Rules, the General Committee shall further investigate the Disciplinary Matter during a maximum period of three (3) months (hereinafter referred to as the "**Preliminary Investigation Period**") as from the notification of the Evidence File as follows:
- a) review the complaint or the request in light of all findings and factual elements at hand;
  - b) make such inquiries as necessary to determine the circumstances of the complaint or incident, which may include:

A copy of the written report will be sent by the Executive Director to the Disputing Parties.
- 23.8. The Disciplinary and Arbitration Commission shall examine the written report of the General Committee including the supporting documentary evidence and conduct a fair hearing of the Disputing Parties regarding the charge or dispute reported in the General Committee's report. The hearing needs not to be a face-to-face hearing.
- The Disciplinary and Arbitration Commission shall reach a decision in compliance with article 47.7. of the Statutes within at the latest four (4) months as from the notification of the written report by the General Committee to the Disciplinary and Arbitration Commission.
- The Disciplinary and Arbitration Commission has also the possibility to hear experts, witnesses and all the members of the General Committee. At the request of the Disciplinary and Arbitration Commission the Executive Director shall communicate the time and the place of the hearing and any other pertinent information to the Disputing Parties. At any time and for the part of the FCI Dispute Resolution Procedure held before the Disciplinary and Arbitration Commission, the Disciplinary and Arbitration Commission may impose additional rules and deadlines of procedure in compliance with article 45.1. of the Statutes to the Disputing Parties to be communicated by the Executive Director upon request of the Disciplinary and Arbitration Commission.
- 23.9. As per article 48.2. a) of the Statutes, some offences, unless frequently repeated, shall be considered as minor violations of the FCI Governing Rules, like for example:
- a) registration, in its studbook, by a Member or a Contract Partner of a dog coming from the country of another Member or Contract Partner without any export pedigree or based on a pedigree not recognised by the FCI;
  - b) failing to provide information requested by the FCI in due time (statistics, surveys, ....).
- This list is not exhaustive.

23.10. As per article 48.2. b) of the Statutes, some offences, unless frequently repeated, shall be considered as serious violations of the FCI Governing Rules, like for example:

- b) approval by a Member or a Contract Partner of the inclusion of a FCI Judge on its judges list whereas the latter does not meet the transfer conditions;
- c) falsification of official documents (pedigrees, appendix to the studbooks, studbooks, titles of champion, ...).

This list is not exhaustive

23.11. As per article 48.2. c) of the Statutes, the Members and Contract Partners must consider as serious violations some offences of the FCI Governing Rules, like for example:

- a) falsification of official documents (pedigrees, appendix to the studbooks, studbooks, titles of champion, ...);
- b) bribery, indecent behaviour, slandering;
- c) mistreatment and/or neglect of dogs;
- d) criminal or punishable behaviour of a breeder or handler against a judge and other officials at shows or trials/tests;
- e) slanderous or offensive conduct of a judge towards his National Canine Organization and/or the Association.

This list is not exhaustive.

### **Article 24 – Legal Residence**

- a) the country of the Legal residence is the country where a natural person spends most of his time;
- b) the country of the Legal residence is the country where a natural person has his centre of relationships;
- c) the country of the Legal residence is the country for which a natural person is considered to be resident for tax purposes.

24.2. If it still impossible to determine the country of the Legal residence of the natural person or legal entity based on the criterion described under article 24.1. of the present Internal Rules, the General Committee has full power to decide on the country of Legal residence based on the factual elements brought to its knowledge.

**Article 25 – Definition**

- 25.1. A Conflict of Interests arises when an Interested Person in a position of authority in the Association may benefit personally by having a direct or indirect Patrimonial Interest or a Moral Interest from an operation, transaction, arrangement or decision he could make within its field of powers that is contrary to the interest of the Association.

**Article 26 – Procedures****26.1. Duty to Disclose**

- a) In connection with any actual or possible Conflict of Interests, any Interested Person must disclose the existence of the personal Patrimonial Interest or Moral Interest and be given the opportunity to disclose all material facts to the General Committee members or the Executive Committee members considering the proposed operation, transaction, arrangement or decision preliminarily to any discussion or decisions-making in these fora.
- b) If the Interested Person fails to inform the General Committee or the Executive Committee, any other General Committee or Executive member aware of the Conflict of Interests shall disclose it in order to enable the General Committee or the Executive Committee to examine the situation preliminary to any discussion or decision-making.
- c) If the majority of the General Committee members present or represented has a Conflict of Interests, the operation, transaction, arrangement or decision will be submitted to the General Assembly for approval. If the General Assembly approves the operation, transaction, arrangement or decision the General Committee may execute them.
- d) If the majority of the Executive Committee members present or represented has a Conflict of Interests, the operation, transaction, arrangement or decision will be submitted to the General Committee for approval. - 26.3. The remaining General Committee and Executive Committee members shall decide if a Conflict of Interests exists and is sufficient to justify the exclusion of the Interested Person from the discussions and the decision-making process.

**Procedures for addressing the Conflict of Interests**

- a) After exercising due diligence, the General Committee or the Executive Committee shall determine whether the Association can obtain, with reasonable efforts, a more advantageous operation, transaction, arrangement from a person or entity that would not give rise to a Conflict of Interests.

- b) If a more advantageous operation, transaction or arrangement avoiding a Conflict of Interests is not reasonably possible under same circumstances, the General Committee or the Executive Committee shall determine by a majority vote of the disinterested members of the General Committee or the Executive Committee, whether the operation, transaction, arrangement or decision is in the Association's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination, it shall make its decision as to whether to enter into the specified operation, transaction or arrangement or to take the specified decision.
- 26.4. The Conflict of Interests shall be mentioned in the Minutes of Meeting of the General Committee or the Executive Committee.
- 26.5. When the Conflict of Interests is of financial nature, the General Committee shall inform the General Assembly at its next meeting.
